Sexuality and gender sensitivity is a topic which is seldom spoken in our country, since sex is viewed as a taboo. As a result of which, Adolescent and Millennials are unaware of sexuality and gender sensitivity. Miss Neha, who is a trainer and educator in the field of sexuality and gender sensitivity enlightened us with the sex education and the importance of it.

At first Miss Neha spoke about how her experience in the field of being therapist for the LGBTQ community. She explained the difference between gender and sex. She even taught us regarding the various sexual orientation of human beings, such as the bisexual and asexual kind of sexuality found in human beings. Moreover, she even shared the experience of various members of LGBTQ community about how the society treats them.

It was a great opportunity for us to have the sex education, since most of the audience was unaware of the topic in depth. Her lecture will always be helpful for us in our life. She even cleared a lot of doubts regarding our thoughts and beliefs regarding sexuality and gender sensitivity. Overall, it was a wonderful session for us, since such issues are rarely addressed.
